DeltaVision Elite™
High Resolution Microscopy Seminar & Workshop

Date: 30th March - 1st April 2015
Time: Seminar 1-2pm, Workshop from 2.30pm
Where: Australian National University
Slatyer lecture theatre
RN Robertson Building 46
Hosted by: Assoc Prof Alex Maier, ANU
Dr Peter Franklin, GE Healthcare

Monday 30th March 1:00 to 2 PM:
Seminar - High-resolution imaging
Our experts will review deconvolution principles, the technical challenges and sample preparation considerations to get the most out of your high resolution imaging of small, dim and live microbial samples using the DV Elite.

Monday 30th March - 1st April 2.30PM (onwards):
Hands-on DeltaVision Elite Imaging Workshop
(1 hr. sessions)
Participants will learn how to use the DeltaVision Elite System to perform quantitative 2D and 3D image deconvolution, high-precision, high-contrast, high-resolution fluorescence microscopy in multichannel, multi-position, and time-lapse format using a simple and intuitive workflow.

Please register your interest and whether you wish to bring a sample to image on DV Elite. Numbers will be limited so to secure a place at the workshop please register by emailing:
Assoc Prof. Alex Maier| ANU
